## ASSUMPTION OF RISK - READ THIS CAREFULLY

### YOU ARE SIGNING A LEGALLY BINDING DOCUMENT

I, \_\_\_\_\_, voluntarily, and with prior knowledge of the factors set forth as A. through D. below, do hereby assume all risks associated with the use of "Quick Ejector Snaps (MS22017 and similar parts as referred to as Quick Ejector Snaps or MS22017 in this document)" in conjunction with any and all products manufactured by Butler Parachute Systems, Inc.

I understand fully that Butler Parachute Systems, Inc. (BPS) and/or its representative has explicitly recommended against the use of Quick Ejector Snaps for the following reasons:

- A. The use of the MS22017 snap on a parachute harness with separate leg straps (aka "split saddle harness") is opposite to the orientation of the snap as used on Navy harnesses for which the part was originally designed. (\_\_\_\_)
- B. The MS22017 snap is substantially weaker than the MS22044 snap normally installed in this position by BPS. (\_\_\_\_)
- C. The ejector lever on the MS22017 snap quite often will not close completely when the lever is released, which could allow the lever to be accidentally snagged thus opening the snap during egress from the aircraft. (\_\_\_\_)
- D. The MS22017 snap is susceptible to accidental opening even when the ejector lever is completely seated as designed. (\_\_\_\_)

I further acknowledge that I will inform each and every user of the above factors, on each and every occasion of use of these products, and in addition, I will inform any future purchasers of the existence of this document and will not sell this parachute(s) to any subsequent purchaser without first notifying BPS, and assisting BPS in obtaining a similar document from the new owners. (\_\_\_\_)

I further agree to indemnify and hold harmless BPS from any and all damages arising from the use of any of its emergency parachute systems under any circumstances. (\_\_\_\_)

I agree that if any part of this document is found to be unenforceable by a court of law, the remainder of this document shall remain fully enforceable. (\_\_\_\_)
