

BUTLER

Butler Parachute Systems, Inc., P.O. BOX 6098, 1820 Loudon Ave., N.W., Roanoke, VA 24017
540-342-2501 Email: sales@butlerparachutes.com, www.butlerparachutes.com

Thank you for your business. We are truly grateful to you for choosing a Butler Parachute to wear when you fly. Your safety is the number one reason we dedicate ourselves to this business, and none of our achievements would be possible without you and your support.

Your satisfaction is our goal and we promise to stay supportive and reliable. It is our desire to keep you satisfied with our products and services. If you ever have questions or issues, please don't hesitate to contact us.

All of our bailout systems come with a service log where the history of maintenance of the system is logged.

Your service log is located behind the certification tag that is sewn into the ripcord pin protector flap. To access the log, open the pin protector flap and pull the ribbon that is sticking out of the pocket.

Some of our customers send us pictures of them wearing their parachutes around their aircraft. We post these pictures on a cork board in the production area. The folks who make our products really enjoy seeing their work in action.

If you ever happen to take a picture wearing your parachute in-or-around your airplane, we would really appreciate a copy. This will not be used for advertising or commercial purposes. We'll just post it with pride on the company cork board!
